

I'm not robot!

Jennifer Married on 05/11/2017 When choosing resorts, I decided to choose this one because it met the needs of all of our guests. I wanted a resort that accommodated a variety of dietary needs (e.g. gluten free, vegan, different allergies). I was also looking for a resort that accommodated to both families and couples traveling without children. This was the first time the majority of our guests travelled to Mexico, so my number one priority was ensuring that I chose a resort that blew them away and left them with a wonderful impression of Mexico. The Hard Rock Riviera Maya went above and beyond to meet all of these expectations. The wedding planning process was pretty organized and straightforward. As the bride, I was way more concerned about the bigger picture and was more concerned about ensuring that our guests had a great time. I was assigned a wedding planner for the first 6 months and then assigned an onsite wedding coordinator a couple of weeks before the wedding. The wedding planner from Florida, Ana, was very organized and answered all of our questions. My assigned onsite wedding coordinator was Priscila. She was also fantastic! I was a bit confused when I arrived at the resort. I expected to have a message and/or meeting upon arrival to determine when I was going to meet the onsite coordinator. We arrived on a Sunday and had our wedding planned for a Thursday. Due to it being high wedding season, I did not have the opportunity to meet with Priscila until Monday evening. Priscila met with us and went through all of the information that had been forwarded to her by Ana. There were a lot of unexpected issues that we encountered and Priscila helped us sort everything out. She was very professional throughout it all and truly helped ensure that our wedding day was absolutely perfect. Thank you to all of the staff at the Hard Rock Riviera Maya for helping us put together such a wonderful event! We cannot wait to be back! Sent on 06/03/2017 My clients Rachel and Adam had a huge destination wedding at the Hard Rock Hotel in Riviera Maya, Mexico. Their ceremony was in a gazebo over the water and their reception was right next to it, on the beach. The resort has plenty of lush greenery for photo backdrops. The space was more than enough for their 50-guest wedding group. The bride, groom, and many of their guests even jumped in the pool at the end of the night. They have spent ample time preparing for specific needs and requirements of Indian weddings and guests and have partnered with local South Asian certified vendors who have decades of experience with everything from decor to mehndi to baraats. Marlen Tellez started in the wedding industry about 6 years ago. She was part of the accounting team at the hotel working specifically on the wedding's accounts. The wedding department was emerging at that time and the first wedding manager asked Marlen to be part of the team as her assistant. She, of course, said "I do." From that moment Marlen started in the wedding world and never imagined that she would like it so much! Come take an Insider's Hard Rock Hotel Riviera Maya with Marlen Tellez! Why did you become a wedding planner? I became passionate about this and became more involved as I helped other coordinators at their weddings, while taking courses and certifications to better prepare myself. One day the opportunity came and continues to be a very rewarding experience. When was your first Indian wedding and what was it like? My first Indian wedding was on August 09th, 2017. At first, I must say that I was afraid, however, when I started working with the bride and groom all the tension went down. This wedding was exceptional, even though we had to move events due to bad weather, everyone enjoyed it. It clicked really well with the couple, and we all became friends. They shared all the photos of the wedding with me later. I am currently in contact with them. I think it has been one of the best weddings I have ever experienced as a coordinator. Have you been certified as a South Asian wedding planner? Yes, I have! What is your favorite part about being a South Asian wedding planner? My favorite part is the wedding operation, the moment when everything happens, and we have to execute what was planned. Do you have any favorite memories from Indian weddings you've planned? Yes, I have many, every baraat full of music and joy, when I saw the brides arrive at the ceremony. The joy during mehndi and sangeet parties, in short, all those joyous and meaningful moments. What is your favorite picture from a client's wedding that you have been a part of? My favorite picture is when I see both the bride and groom together and their both really happy, at the end of the wedding events. Once they have danced, laughed and enjoyed every single moment. How long have you been at Hard Rock Riviera Maya? I have been in Hard Rock 8 years. What is your favorite venue on property? This is a difficult question, we have many pretty locations, but I would say the Ipanema solarium. What is the best spot for a photoshoot at Hard Rock Riviera Maya? We have many as well, but I think Starlight beach is the best one. Could you tell us a little bit more about your Indian wedding program or packages? Our ISHQ program has everything couples need to truly rock their wedding. From amazing spots to excellent food, drinks, free event hours, specialty South Asian vendors who inspire on personal selections and can create a custom wedding collection. And not to forget our experienced team of Wedding Consultants and on-site Wedding Specialists. Why should a couple choose your resort over all the rest? Hard Rock Hotel Riviera Maya is the largest property of the AIC hotel group in the area, due to its size we can accommodate very large groups. We have many beautiful locations, a huge spa, and extra activities like the water park and woodward that guests can also enjoy. The heaven night club is the favorite one of our couples and guests to continue the party at night, if you're not ready for the night to end. We have everything and we reinvent ourselves every day to create those unique experiences. We also understand that culture and traditions are an important part of every South Asian wedding and that is why we are committed to work hard to make each one of them a great and a unique memory that will last forever. What is your favorite restaurant on site and what's your favorite thing to order? My favorite restaurant is Zen and my favorite thing to order is the teppanyaki tables. What is your favorite Indian food item? My favorites are chicken tikka masala, veg samosas, garlic naan, mango lassi (so delicious), veg pakoras. What makes the Indian food at events at Hard Rock Riviera Maya the best in Riviera Maya? We have an experienced chef from India. What makes a Shaadi Destinations bride and groom different from others? Shaadi Destinations help the bride and groom to carry out a destination wedding with the least stress possible. They are an experienced team that attends from the reservation of rooms to planning and coordination of the wedding. Their passion and joy for what they do day by day for each couple is evident from afar. We love working with them and feeling like one team working for that same goal, a dream wedding trip. What are your top 3 tips for couples looking to plan an Indian destination wedding? Choose a destination and a hotel that offers you a vibrant atmosphere as you have visualized it. 2. Look for a hotel that not only has what you need for the wedding but also has activities for the guests. Remember, they take advantage of this trip also as vacation time. 3. Make a site inspection trip and trust the experts. Is there anything else you'd like to share with future brides and grooms? Don't be afraid to pursue a destination wedding, even if it involves more work, in the end the reward and experiences are indescribable. Enjoy every moment either in planning or during the wedding itself. Enjoying is the key because these are unrepeatable moments that will last a lifetime.
